- ◆ Hygienic Food
- ◆ Round the clock Security and Medical Service
- ◆ Regular Supply of Study Materials
- ◆ Frequent Tests (Council and Entrance Pattern)
- ◆ Practical Exposure to Students through Seminars on Personality Development.

EDUCATION AND OUR BELIEF

Education, as believed by us is a lofty spiritual and human endeavour, which aims at providing a generation to brace itself with a strength to make the next generation a potential one infusing them with pious values. The function of education is to further this evolution of man in terms of perfection to achieve new heights and goals.

RESONANCE AND NEW CONNOTATION OF EDUCATION

Resonance, under the aegis of Ananta Educational Trust and promoted by *Panda's Physics*, advances a new concept of education by bringing a solution to the big challenge of our time which emerges out of the ever widening gap between the traditional concept of education and the change we need from the booming education scenario in the coming years. Only an outstanding performance at +2 (Higher secondary) level does not guarantee the success of a student. He / she must enter to the arena of glamour and glitter of a new world of professional career of Engineering, Medical and IT etc. For this a qualification at the entry level is required. Resonance, besides grooming the young talents for the Higher Secondary level, nurtures the latent talents of the students for the entry level.

LOCATION

Located in between the twin cities of Cuttack and Bhubaneswar, and in close vicinity of NH-16, Resonance is far away from the hub and din of the city life.

INFRASTRUCTURE OF RESONANCE

A highly conducive infrastructure has been set for a successful pursuit of curricular, co-curricular and extra-curricular activities, besides all other necessities for study and boarding in the campus.

LIBRARY-THE RESOURCE CENTRE

A spacious and multi-dimensional resource centre in the form of a library catering to the needs of the students as well as faculties has been set up. The required books, magazines and journals have been kept in it for serving the students in a fruitful way.

LABORATORY

Well-stocked, state of the art laboratories with Morgan Technology are ready to provide the students with indepth knowledge of all scientific puzzles that a student faces during his / her academic pursuit.

ELIGIBILITY

- The students who have passed the 10th examination conducted by BSE Odisha/CBSE/ICSE or any other equivalent examination are eligible to apply for admission in +2 Science course of Resonance Residential Higher Secondary School (+2 Science).
- Resonance Residential Higher Secondary School offers two-year full time +2 Science course as per the norms of the Council of Higher Secondary Education, Odisha as described below.

Students can apply through SAMS Portal or Visiting our website : www.resonancecollege.co.in

Compulsory Subjects :
English, MIL (Odia/Hindi/Sanskrit/ Alternative English)

Electives :
Physics, Chemistry, Mathematics, Biology, IT

The first requirement of a student continuing +2 Science has to do well in the Council Examination. Therefore the number of theory classes allotted is more than the double of the classes allotted to other Higher Secondary School. The Higher Secondary School also conducts doubt clearing classes and tutorial classes for the benefit of the students. Regular Examinations based on council pattern are conducted, properly evaluated, discussed in the class by the respective faculty members and papers are shown to the students. Progress reports are regularly sent to the parents/guardians.

ONE SILENT RESIDENTIAL CHALLENGE IN CUTTACK TO ACHIEVE MORE FROM YOU! MARK IN PRICE - 2019
